MODERN HOMES

TRADITIONAL HOMES

# BOOK OF COLOURS

/ EXTERIORS 2020

That white house with the yellow windows, right opposite the grey and white building; colour – it is among the easiest ways to recognise a house. But finding the perfect colour combination for your house is not always as easy. We'll help you make it as effortless.

A Mediterranean mustard to complement a shingled roof, or a Scandinavian grey? A single colour, or shall we accentuate the geometry of the balcony with a dramatic contrast? There is a lot to consider while choosing colours for the exteriors of your home – form, material, surroundings and even climate!

With expertise from 75 years of experience in colour for architecture, the Asian Paints Book of Colours – Exteriors brings you colour palettes curated for a range of Indian homes, from traditional to modern.

# THE MODERN HOME

What is modern, you may ask. It can mean different things to different people. For some, modern equals minimal — clean, simple lines, large open windows, exposed metal and lots and lots of glass. Yet for others, modern means fuss-free, not frill free — a wrought-iron latticed gate, a pillar with a decorative accent or dramatically sloping tiled roof. We have traversed the country to bring you an eclectic cross section of homes that are modern in their spirit with colour palettes that flaunt their form. Get inspired.

# THE TRADITIONAL HOME

The traditional Indian home is changing and so is its style. In the last 60 years, we have redefined what is now considered traditional — not necessarily old-world, but a harmonious co-existence of the antique and the current. Think gabled terracotta roofs and large windows running down the length of walls. Traditional in approach but not without contemporary elements, the homes we have selected dot small towns and cities throughout India. It is the kind of home which aspires to be modern, but comfortable in its roots. Here is a choice of colour palettes which will help you maintain this balance with panache.

# ASIAN PAINTS EXTERIOR PRODUCTS

## APEX ULTIMA PROTEK DURALIFE BASE & TOP COAT:

Apex Ultima Protek is a durable exterior emulsion painting system that's based on nanotechnology, keeping the walls protected from problems like dampness, algae, cracks, and colour fading. It comes with ten and five year durability and waterproofing warranty

## APEX ULTIMA PROTEK:

Apex Ultima Protek is a durable exterior emulsion painting system that's based on nanotechnology, keeping the walls protected from problems like dampness, algae, cracks, and colour fading. It comes with ten and five year durability and waterproofing warranty

## APEX ULTIMA:

Asian Paints Apex Ultima is a water-based, 100% Acrylic smooth emulsion with silicon additives that offers an anti-algal and high performance exterior wall finish.

## ULTIMA WALLART:

The exteriors of home play an important role in creating a good first impression. Though decorating exteriors is still practiced in certain places, this tradition has been lost over time. With Ultima Wall Art, we are reviving this tradition and are here to give the exteriors the importance they deserve. With Express Series, we transform the exteriors of the house to a canvas and invite the proud homeowners to let them express themselves on this canvas.

### APEX CREATEX:

Apex Createx is a textured finish comprising of high quality exterior durable acrylic modified resin with special quality dolomite texturizing sands which is designed as intermediate coating. Its unique textured pattern has a distinctive appeal which can be used for interior and exterior surfaces.

### APEX SHYNE:

Asian Paints Apex Shyne is a smooth, water based exterior finish with specialty modified acrylic emulsion with tailored silicone stitch technology which provides protection to exterior walls against harsh climatic conditions, yet providing a good sheen on wall

### APEX ADVANCE:

Waterproofing is a must for exterior walls and with Asian Paints Apex Advanced Weatherproof Emulsion you can do just that. It is a smooth water-based, modified acrylic, exterior wall finish with silicon additives and improved anti algal properties.

### ACE SHYNE / ACE EXTERIOR EMULSION:

Ace Emulsion and Ace Shyne Emulsion are water based exterior emulsions which provide better protection against weathering in comparison to cement paint and ordinary exterior emulsions. Ace Shyne provides a rich sheen to the exterior walls. Modified acrylic binders and silicon additives in Ace and Ace Shyne provide a long lasting finish in comparisons to cement paints. A 3-year performance warranty is offered on both Ace and Ace Shyne exteriors emulsions.

# RECOMMENDED PRODUCTS FOR BEST PERFORMANCE

## TRUCARE WALL PUTTY:

This is a specially designed product based on white cement. It can be used for filling and levelling surface imperfections on rough cement plasters, thus providing a smooth and uniform finish for subsequent painting. Recommended for uneven surfaces.

## TRUCARE EXTERIOR WALL PRIMER:

This is an undercoat that enhances the performance of the top coat due to its excellent adhesion and finish mandatory for all surfaces.

## APEX TILE GUARD:

This is a high-performance coating that protects the floor tiles of your home, by forming a protective shield with its superior water repellency and anti-fungal properties. It is available in a wide range of high sheen shades.

## APEX FLOOR GUARD:

This is a water based emulsion for all kinds of cement and concrete based floors. It provides protection and beauty.

## TRUECARE BIOBLOCK:

This a water based acrylic pre-treatment coating that prevents the formation of algae or fungus on your walls. This keeps your walls free from ugly looking patches and enhances the topcoat.

## TRUECARE PRIMERO:

Specially designed for green plasters and sand substrates, it provides excellent resistance to water permeability. Its strong adhesion to the top coat prevents peeling and it also fights efflorescence and lime blooming.
